

ORDINANCE NO. 325

AN ORDINANCE OF THE CITY OF GARIBALDI, OREGON, GOVERNING THE USE AND OCCUPATION OF THE PUBLIC RIGHT OF WAY AND ESTABLISHING AN APPLICATION PROCESS, FEES, AND TERMS FOR SUCH USE

Section 1. Short Title. This Ordinance shall be referred to as the "Right of Way Management Ordinance."

Section 2. Jurisdiction and Management of the Public Rights of Way.

- A. The City has jurisdiction and exercises regulatory management authority over all City Public Rights of Way pursuant to the City Charter and State law. The City's purpose for exerting its management authority over the Public Rights of Way is to protect and efficiently manage the public's resources and to ensure fair and non-discriminatory access to the Public Right of Way.
- B. The City has jurisdiction and exercises regulatory management over each Public Right of Way whether the City has a fee, easement, or other legal interest in the Right of Way. The City has jurisdiction and regulatory management of each Right of Way whether the legal interest in the Right of Way was obtained by grant, dedication, prescription, reservation, condemnation, annexation, foreclosure or other means.
- C. No Person may occupy or encroach on a Public Right of Way without the permission of the City. The City grants permission to use Rights of Way through Franchise Agreements and Construction permits.
- D. This exercise of jurisdiction and regulatory management of the City's Right of Way is a generally-applicable Ordinance affecting all users and occupiers of the Right of Way.
- E. The City retains the right and privilege to cut or move any Facilities located within the Public Rights of Way as the City may determine to be necessary, appropriate or useful in response to a public health or safety Emergency.
- F. The City desires to champion the ready-availability of Communication, Cable, or Utility services for all its residential and commercial citizens by providing infrastructure and amenities that make Garibaldi a better place to live and do business. The City is committed to authorizing the private access and use of the Public Right of Ways for such services, so long as such use is consistent with and does not unduly burden or interfere with the principal purpose of the Public Ways, which is to facilitate the free transit of Persons and goods in commerce.
- G. The City holds the public health, safety, and welfare, as well as such physical assets such as the Public Right of Way, in trust for all its citizens. The City has a fiduciary responsibility to assure that any use of City resources, especially its Public Ways, benefits all its citizens and, where it is deemed appropriate, allows for the recovery of a fair and reasonable compensation from private entities using public resources.

- H. If Communications, Cable or Utility Providers make “percentage of gross revenue” payments, which include only a portion of the Services they provide within the City, then they are not compensating the City fairly for their private use and enjoyment of public assets and resources. Such Providers may derive an unfair advantage. Unfair competition does not foster the City’s desired sociological, technological, industrial, and commercial business growth. Among the purposes of this chapter is not only the desire and intent to ensure that the public is properly compensated for the private use of City resources, but also an objective to ensure that all similarly-situated Providers are treated equally and fairly in order to foster technological growth and innovation within the City of Garibaldi.

Section 3. Regulatory Fees and Compensation Not a Tax.

- A. The fees and costs addressed in this Ordinance, and any compensation charged and paid for regarding the use of the Public Rights of Way addressed in this Ordinance, are separate from and in addition to any and all other federal, State, local, and City fees, taxes, or charges as may be levied, imposed, or due from a Provider, its customers or subscribers, or on account of the lease, sale, delivery, or transmission of Services.
- B. The City has determined that any fee established by this Ordinance is not subject to the property tax limitations of Article XI, Sections 11 and 11b of the Oregon Constitution. These fees are not imposed on property or property owners.
- C. The fees and costs provided for in this Ordinance are subject to applicable federal and State laws.

Such a wireless Provider must, however, comply with all other applicable requirements of this Ordinance and all other applicable City codes, regulations and rules. Nothing in this Subsection C limits the City's authority to charge reasonable rental or pole attachment rates for the private use of City property.
- E. Unless otherwise provided in an unexpired Franchise Agreement, the Franchise Fees required by this Section shall be paid within thirty (30) Days after the end of each calendar quarter. Each payment shall be accompanied by an accounting of gross revenues and a calculation of the amount payable.
