There was discussion about the wastewater debt fund. The interest rate is 5.125 and it will be paid off in 2036, discussion followed that the Budget Committee could recommend to the Council making extra payments to pay it off earlier.

MOTION made by June Ekborg and seconded by Katie Findling to pay an additional \$20,000 on the debt. Motion carried unanimously.

ICMPT then said there are two organizational charts. One is how it is today and one is how it would be in the future. Under Public Works Utility I and Utility II were added, and she is also recommending the Finance Officer Is the supervisor of the two administrative staff.

BUDGET MESSAGE

Budget Message 2025-2026 Fiscal Year CITY OF GARIBALDI

To the City of Garibaldi Budget Committee:

I am pleased to submit the proposed budget for the fiscal year 2025–2026 for the City of Garibaldi. This year's budget reflects a significant course correction, driven by the City's ongoing structural deficit and the urgent need to restore financial stability.

Garibaldi has been deficit spending for several years, drawing down reserves to maintain services at unsustainable levels. Without decisive action, the City risks exhausting its available funds within the year. This budget represents a necessary and responsible step toward preventing that outcome.

The proposed budget includes substantial cost reductions, including the elimination of certain staff positions and scaled-back expenditures across departments. Additional revenue is also included through increased utility rates and the creation of a new street fee, all of which will require action by the City Council. These decisions were not made lightly, but they are essential to bring expenses in line with actual revenues and avoid fiscal insolvency.

Despite the challenges ahead, Garibaldi is fortunate to have a dedicated and professional staff who continue to serve the community with resilience and commitment. Their efforts will be key in navigating this difficult transition.

If adopted, this budget will position the City to maintain core services while beginning the slow process of rebuilding financial sustainability. While our fiscal outlook will remain precarious for the next several years, this plan is a crucial step toward ensuring that Garibaldi remains solvent and capable of meeting the needs of its residents.

GENERAL FUND (100.00)

Beginning Fund Balance and Revenues:

The General Fund contains the resources and expenditures necessary for the day-to-day operations of the City, including the Fire Department. Total resources are \$1,298,589, representing a sharp decrease from the previous fiscal year. The beginning fund balance is \$277,446.

General Fund Expenditures:

Administrative Department (100.01)

Expenditures have decreased in both personnel and materials and services. The current full-time Administrative Assistant and part-time Utility Clerk positions have been removed, and a full-time Recorder/Clerk position has been added. Salaries include a 3% Cost-of-Living Adjustment (COLA) based on the CPI-U.

Fire & Rescue Department (100.10)

This year's budget includes a full-time Fire Chief, a part-time Deputy Chief, and a seasonal summer hire. These positions are funded by the ongoing levy. The remainder of the Fire Department consists of volunteers who receive stipends for their service. The Garibaldi Rural Fire District also contracts with the City for rural fire protection services; this contract helps fund operations.

Police Department (100.11)

Garibaldi has contracted with the Tillamook County Sheriff's Department for a full-time deputy who also performs code enforcement duties. This year, the contract cost would increase to approximately \$167,690. I am recommending that the City terminate this contract, as the level of service will not significantly change without it. Citizens and businesses will continue to receive emergency response within the City.

Planning Department (100.05)

The City of Garibaldi continues to contract with 3J Consulting for planning services. There is no capital outlay in this fund.

Property Department (100.06)

The Property Department covers maintenance and utilities for the City Hall property and other related expenses. It also shares Public Works personnel with other funds. This year, one Utility Worker 1 position has been removed from the budget.

General Fund (100.20)

\$59,000 is being transferred to the Street Fund. This revenue comes from the Tillamook PUD franchise fees.

STREET FUND (200)

The Street Fund covers maintenance and upkeep of our roads, sidewalks, and certain other categories of transportation infrastructure. The beginning balance is 23,181.

The revenue for this Fund includes Garibaldi's share of the state gas tax, which is distributed to cities on a population basis. This year's revenue from the state gas tax is estimated to be \$72,250.

SEWER DISCOUNT FUND (320)

This fund helps residents pay their sewer bills, with revenues coming from local donations. The City partners with Community Action Resource Enterprises (CARE) to distribute these funds.

WASTEWATER FUND (300)

This fund contains revenues and costs associated with wastewater collection and treatment. The Wastewater Treatment Facility operates year-round, seven days a week. Last year's budget included 4 FTEs to support wastewater, water, streets, parks, buildings, and events. This year's budget eliminates one of those positions.

The beginning balance is \$0. Sewer rate revenue is estimated at \$613,356, with an additional \$180,000 projected from overages. Expenditures remain relatively steady, with \$120,500 allocated for capital outlay, including badly needed Inflow and Infiltration (I&I) work.

The fund is repaying two loans:

- An OECDD loan to be paid off in December 2025
- A USDA loan to be paid off in 2046

WATER FUND (400)

The beginning balance is \$0. The City Council passed Resolution 2024-04, increasing water rates by 4.1% (based on the CPI-U) and aligning some commercial rates with residential rates. Estimated water revenue is \$625,677.

SYSTEM DEVELOPMENT FUND (500)

System Development funds are collected for new construction within the City, and are used to cover the capital costs of system expansion and capacity improvement. This Fund has a beginning balance of \$645,550. Estimated total revenue is \$369,323.

Expenditures include \$790,000 for wastewater, water, streets, stormwater, and parks. SDC funds are restricted, and cannot be used for operational expenses.

TRANSIENT ROOM TAX FUND (700)

The City receives 9% of Transient Room Tax (TRT) revenue. Of that, eight of those nine percentage points are discretionary. The remaining percentage point is split: 70% must be used for tourism-related purposes; 30% is discretionary.

The beginning Fund balance is \$486,822.

The unrestricted portion of the money from this Fund is being transferred to the General Fund, Street Fund, Public Safety Equipment, Wastewater, and Water Funds. The ending Fund balance is \$431,604.

WASTEWATER DEBT FUND (800)

This Fund has a beginning balance of \$227,887. This is a 40-year loan at 5.125%. This year's principal payment is \$35,914, and interest is \$3,804. This loan will be paid off in 2036. The ending balance of this Fund is \$254,070.

PAYROLL LIABILITIES FUND (900)

This Fund has a beginning balance of \$52,177. It is used to pay out accrued leave when employees separate from the City.

PUBLIC SAFETY EQUIPMENT FUND (110)

This Fund has a beginning balance of \$70,904. Revenue consists of transfers from other Funds.

PUBLIC WORKS EQUIPMENT RESERVE FUND (120)

The beginning balance of this Fund is \$50,561 and will have some interest. Revenue consists of transfers from other Funds, and interest accrued on the balance.

Conclusions and Acknowledgements

Preparing this budget has been especially challenging, given the City's financial position and the absence of recent audits. I want to acknowledge the hard work of our Finance Director, Becca Harth, who has dedicated significant effort to developing the most accurate financial picture possible under the circumstances.

This budget reflects difficult decisions made in response to years of structural imbalance. It represents a turning point—one aimed at restoring fiscal responsibility and protecting Garibaldi's long-term viability.

I would like to thank the City Council for its leadership during this critical time, and the employees of the City for their continued dedication and professionalism in the face of uncertainty. We remain committed to serving the people of Garibaldi with integrity and care as we work together toward a more sustainable future.

Respectfully submitted,

Jake Boone City Manager
