A. CONVENING OF MEETING

Mayor Findling convened the meeting at 5:31 p.m. Present were Mayor Katie Findling and Council Members Cheryl Gierga, Sandy Tyrer, Linda Bade and Norman "Bud" Shattuck. Staff present were City Manager Jake Boone, Finance Officer Becca Harth, Interim Fire Chief Blake Paulsen, and Public Works Superintendent Nick Theoharis.

Mayor Findling gave a reminder to Council, Staff, and the Public that they are bound by the code to retain and preserve order and decorum during the meeting.

- **B. PRESENTATIONS** None
- C. ITEMS TO BE ADDED TO THE AGENDA None

D. PUBLIC HEARINGS

1. STATE REVENUE SHARING

Mayor Findling opened the State Revenue Sharing Public Hearing for Resolution 2025-07, a resolution declaring the City's election to receive State Revenue for FY 2025-2026, and repealing Garibali Resolution 2024-11 at 5:32 p.m. City Manager Boone provided a summary of the proposed resolution.

Mayor Findling opened public comments at 5:33 p.m. No written comments were received. David Laine spoke on the state law regarding revenue sharing and asked how they intended to use the proposed funds and what is the amount of revenue sharing funds that will be received by the city and gave his recommendations on what they should do with the money.

Mayor Findling asked if there were any additional public comments, hearing none, she then closed the public hearing at 5:38 p.m.

2. 2025-26 BUDGET

Mayor Findling opened the Public Hearing for Resolution 2025-06 at 5:38 p.m., a resolution adopting the City of Garibaldi's budget for FY 2025-2026, and repealing Garibaldi Resolution 2024-10. CM Jake Boone provided a summary of the resolution.

Public comment was opened at 5:39 p.m. No written comments were received. The following people spoke:

Tim Hall – Said he had previously requested a salary freeze. He spoke on contingency funds in the

budget and has never heard of putting in contingencies included in salaries instead of separating it out.

Ryan Corey – Does not know if Emergency Preparedness is included in the budget, but it should be. Games are stored on city property. Would like the City to unincorporate, the City could improve on services to every citizen in town by unincorporating. The County would love to take over water and sewer. The County would benefit by having Garibaldi as a municipality.

Judy Riggs – In three years \$300,000 more has been spent in wages and benefits. She talked about the increase in City Manager salaries since 2022. She agrees with Tim Hall, she thinks it would be prudent if they went ahead and stopped overspending until all the audits are caught up. She said to wait and freeze everything including water and the street fee. The increases will have a huge impact on senior citizens and the low income. She spoke on the defunding of the police. The financial statements need to be looked at. She suggests training from the LOC in reading financial statements.

David Laine – Spoke on process of eliminating the police presence. He spoke on the unappropriated fund balances included in the budget being unavailable to use. He said some of that money could be used to fund the contract with the Sheriff's department.

Carolee North – She stated she is opposed to having the Transportation Utility Fee as a line item in the budget. It needs to be investigated more before they commit part of the budget to it.

Mayor Findling closed the public hearing at 6:00 p.m.

E. CONSENT CALENDAR

- 1. CITY COUNCIL MEETING MINUTES
 - A. MAY 19, 2025 REGULAR CITY COUNCIL MEETING

2. CHECKS ISSUED

MOTION made by Cn Bade to approve the consent calendar as presented. Second by Cn Gierga.

Cn Bade asked a question about checks issued to 1st Security Bank, it is for charges made for credit Card purchases.

VOTE taken on motion. Motion passed unanimously.

F. PUBLIC COMMENTS ON AGENDA ITEMS

Mike from K & E Excavating gave an update on the Hwy 101 project. They hope to have the paving complete by the 4th of July. Stripping in scheduled to be done by the 22nd. All the planters should be done by Garibaldi Days. They will put the plants in the planters in September. They will be doing work on some of the side streets that have been damaged. There was talk about having a ribbon cutting and possibly a float in the parade to start Garibaldi Days.

Kathy Patterson – She had questions about the sewer line maintenance proposal coming up. They have an issue.

Tim Hall – The proposed changes to the sewer and water line puts the responsibility on the property owners from their property line to the street and he commented on how the lines were done years ago and what he believes the ordinance should say.

Kathy Patterson – City should assume some responsibility for streets when traffic is rerouted. She would like sewer lines researched.

Val Schumann – She thanked everyone who has worked on the financials and budgets, she understands that it is difficult and a challenge. It looks like they will pay an extra \$450 a year when audits are not done. She would like consideration to wait on the increases until the audits are done.

David Laine – He spoke about the sewer laterals and gave an example of what could happen. He said it is not right that the property owners would have to pay. He pointed out that the ordinances in tonight's meeting should have been on the May agenda. He talked about the Fire Chief's job description and what the municipal code says. He agrees imposing an increase on the water and sewer is just so extreme for not having any public input.

G. OLD BUSINESS

1. ORDINANCE ESTABLISHING A TRANSPORTATION UTILITY FEE

CM Boone gave a summary of the ordinance. This is the framework to be able to create the fee. The fee will be set by resolution. Council discussion followed. Cn Shattuck asked that they be given the denial letters for the SCA grants for the last few years at the next meeting. CM Boone said pointed out a Scribner's error and said the first Whereas should be crossed out. Cn Bade said she would like to make an amendment. On the third page of the Exhibit it talks about "plan", down below it also talks about the plan. She would like to see these two items tied together in an amendment. She still has problems with adding two new funds and discussed her reasons why. CM Boone said if the Council wanted, they could amend 3.30.040a the sentence that says the Transportation Utility Fee Fund shall be used only for street maintenance and streets identified in the plan, after the word plan a comma could be inserted and the words "as described in 3.30.050a1" and that would effectively put in a pointer to the other part.

MOTION made be Cn Bade to read Ordinance 337 an Ordinance adopting new Garibaldi Muncipal Code Chapter 3.30 Transportation Utility Fee, Establishing a Transportation Utility Fee for the City of Garibaldi to be read twice by title only. Second by Cn Tyrer. Motion passed unanimously.

2. ORDINANCE ESTABLISHING RESPONSIBILITY FOR SEWER LINE MAINTENANCE

CM Boone provided a summary of the ordinance. Legal Counsel said they cannot draft the the requested language as it would run afoul of the prohibition of using public money for private benefit because only the homeowner gets benefit from the lateral. It would be illegal under State Law for the City to put that language in there. Therefore, this puts it back on the homeowner to be responsible for that line.

MOTION made by Cn Tyrer to read Ordinance 338 twice by title only. Second by Cn Gierga. Motion passed unanimously.

CM Boone read Ordinance 338 by title only.

MOTION made by Cn Bade to adopt Ordinance 338. Second by Cn Gierga.

Discussion followed. Superintendent Theoharis said that CIS requires us to clean 1/3 of the sewer mains each year. Per current code, if we continue it, we will be required to install sewer clean outs at every house that does not have one at the property line and make sure main and connection is good, and then we would have to clean those lines also. Discussion followed on problems that exist with lines now. Discussion followed that it would take 1.2 million to get the lateral lines with clean outs. Cn Tyrer said she would like to take more time on this and not make a decision tonight. She would like a presentation from Superintendent Theoharis to help understand this better. Heidi Parker spoke encouraging the Council to spend more time on this.

VOTE taken. Council unanimously voted Nays. Motion failed.

MOTION by Cn Bade to ask CM Boone to get the written legal opinion on this issue. Second by Cn Tyrer. Motion carried unanimously.

K. COUNCIL REPORTS AND COMMENTS

Gierga - None

M ADIOLIBNMENT

Tyrer – None

Bade – Would like to get council protocols workshop scheduled for August.

Shattuck – He had a discussion with Mike from K&E and they would like to have a float at the lead of the parade. Cn Shattuck is going to contact Twins Ranch to cater, and he will fund it for K & E.

L. PUBLIC COMMENTS ON NON-AGENDA ITEMS

Jane Anderson – Ms. Anderson said she has given everyone a picture of the brush pile and shared her concerns with the council. She also spoke about the HOZ and that rules and not being followed and it is not functional.

Jack Anderson – Talked about the HOZ. He has talked to CM Boone. He said they do not agree on what is says. He said in July they will have an attorney with them.

Heidi Parker – Ms. Parker said she is also here is protest of the big berm and gave her ideas.

Ann Richards – She is an owner of the property their neighbors are discussing. They brought in equipment to remove the fire hazard. They have received a stop work order and were told not to remove dirt. They were told it has been deemed as not a fire hazard, and they are open to suggestions.

Ken Schultzmeier – They acquired five lots on Fir and plan on building a stick-built home and leaving the rest as open space for wildlife and vegetation for hillside stability. He said the pile being discussed would still not be there if the stop work order had not been issued. He spoke on the things that have been going on with the neighbors. They hired an arborist to determine which trees were a hazard and should be removed. He hopes that communication with the neighbors can be opened, they just want to do things right the first time.

Paul Daniels – He spoke on sewer laterals and a possible solution. He said the little dirty secret in budgets is that they are never correct, only accounting is correct. To blame somebody for a budget problem when they went through best managements practices to put it together, to him is way outside the scope of where we should be. He is the new president of the OCSR and they are undergoing reorganization. There have been some problems that were brought up by Councilor Kandle. They want to work with him starting in the near future to get the problems solved.

Tim Hall – He wants to recognize the hardships on residents and businesses. He wants to encourage the City Manager or Mayor to communicate with citizens who feel like they are being kept in the dark.

Mayor Findling adjourned the meeting at 8:50 p.m.

SUBJECT: Authorization of City Staff to Process OLCC Special Event License Applications

DATE: 14 July 2025

BACKGROUND

Whenever a restaurant, tavern, or other purveyor of alcoholic beverages wishes to get a short term license to serve alcohol at a special event in the state of Oregon, the city in which the special event will be located has an opportunity to recommend to the Oregon Liquor Control Commission (OLCC) whether the license should be granted or denied. A third option – taking no stance whatsoever – is also possible.

While past practice of the City appears to have been to have staff process these special event license applications without taking them to Council, staff has as of yet found no specific authorization to do so. As a result, the attached Resolution has been prepared. This Resolution would authorize City staff to process OLCC special event license applications without the need to refer each one to a Council meeting.

RECOMMENDATION

Staff recommends that Council adopt Resolution .

SUBJECT: Expectations of Council with Staff

DATE: 14 July 2025

BACKGROUND

The City of Garibaldi's governance is structured under a Council-Manager system as defined by the City Charter and the Garibaldi Municipal Code. In this form of government, the City Council is responsible for policy + legislative matters, while the City Manager serves as the administrative head of the city, with authority over personnel management, supervision of staff, & the implementation of council directives.

We will be scheduling a special session during this meeting (likely in August) to review council rules, roles, and expectations. In the meantime, recent patterns of interaction between individual council members and staff have highlighted the need to revisit and clarify these respective roles in the interim until that meeting can be held. In a few instances, councilors have directly approached staff with task / project requests or given direction about job duties and staffing decisions, including matters related to performance management and hiring.

While often well-intentioned, such interactions, especially when they involve requests that are time-intensive or that pertain to staffing decisions, can inadvertently overstep the roles set by the Charter and Municipal Code. This can result in confusion, inefficiency, and discomfort among staff, or even create a perception of undue influence or pressure.

To ensure a healthy and professional working environment, and not invite or create a hostile workplace, which could raise concerns under Oregon labor law or prompt scrutiny from agencies such as BOLI - it is important that all council members engage with staff through the appropriate channels. As the "council rules" session hasn't occurred yet, this agenda item time for council to discuss proper behavior regarding staff interactions, and **not** acting in a manner to invite lawsuits or BOLI complaints:

SUBJECT: Surplus Property Disposition

DATE: 14 July 2025

BACKGROUND

The City of Garibaldi owns several items of law enforcement equipment, specifically a firearm, a LIDAR unit, and a riot shield (specifics below). Garibaldi does not at present have use for these items. Law enforcement emergency response in Tillamook is at present provided by the Tillamook County Sheriff's Office. In order to keep these resources in use for law enforcement purposes, it would be appropriate to declare these items surplus and transfer their ownership to TCSO.

AGENDA ITEM

TO: Mayor and City Council FROM: Jake Boone, City Manager SUBJECT: Charter Update Process

DATE: 14 July 2025

BACKGROUND

One of the City Council's goals for 2025-26 is to undertake a full review and revision of the City's outdated Charter and Code. The first part of this process will be a review of the current Garibaldi Charter to propose any necessary and/or desired changes, which would eventually go before the voters for approval.

While there is no mandated process for performing such a review, it may be worthwhile to create a committee consisting of both Council members and local residents with relevant skills and/or interest in examining existing Charter language and in helping craft an update.

RECOMMENDATION

Staff recommends that Council discuss the desired Charter review framework and, by motion, direct staff accordingly.

Section 37. Repeal. All charter provisions adopted before this charter takes effect are hereby repealed.

Section 38. Severability. The terms of this charter are severable. If a part of the charter is held invalid, that invalidity does not affect another part of the charter, except as the logical relation between two parts requires.

RECOMMENDATION

Staff recommends that Council discuss whether utility undergrounding would be desirable in the new franchise agreement with the Tillamook Public Utility District.

COST

None.

FRANCHISE AGREEMENT

THIS FRANCHISE AGREEMENT ("Agreement"), entered into and effective this day of November 2020 ("Effective Date"), by and between the CITY OF GARIBALDI, a municipal corporation of the State of Oregon, hereinafter referred to as the "City," and the TILLAMOOK PEOPLE'S UTILITY DISTRICT, a people's utility district of the State of Oregon, hereinafter referred to as the "District."

WITNESSETH:

WHEREAS, the District is a people's utility district formed and operating within the City pursuant to ORS Ch. 261; and

WHEREAS, the City provides general governmental services to its residents; and as provided by ORS 221.410 to 221.475, ORS 758.210 to 758.270 and ORS 758.470, has the legal authority to regulate publicly owned right-of-way under its control and issue franchises and/or impose charges upon publicly and privately owned suppliers of electrical energy, as well as Lake any other action or activity specified therein and/or any other applicable Oregon or federal law; and

WHEREAS, the District is authorized by law to own and operate an electrical system within its territorial jurisdiction and service boundary, which authority includes constructing facilities across or along any street within the City after first obtaining consent from the City for such construction, and is authorized to enter into this Agreement with the City; and

WHEREAS, the Franchise Fee payable pursuant to this Agreement is intended to generate revenues used by the City for the provision of general governmental services to its residents; and

NOW, THEREFORE, the District and the City agree as follows:

Section 1 Grant of Exclusive Franchise

- A. The District's authority to operate within the City shall be deemed an exclusive franchise for the purposes of conducting its electrical distribution business within the corporate limits of the City as the same now exist or may hereafter be constituted. However, nothing herein contained shall in any way limit the City's ability to grant easement and/or franchise rights to other entities providing services other than electrical distribution services.
- B. The District's right to occupy City streets includes the right to construct, maintain, repair, replace, upgrade, and operate poles, wires, fixtures, transformers, substations, other equipment, including lawful pole attachments by third parties, underground ducts and circuits and any other facilities ("Facilities") necessary or convenient to provide services and products upon, over, along, under and across the streets, alleys, roads and other public places and rights-of-way within the corporate limits or under the control of the City ("City Rights-Of-Way") as the same now exist, or may be hereafter constituted.

C. All Facilities located within the corporate limits of the City as of the Effective Date of this Agreement shall be deemed to be covered by the terms of this Agreement, and the location and placement of such Facilities is hereby approved, unless such Facilities become subject to the requirements of Section 7 herein.

Section 2: Term and Termination

- A. This Agreement shall be effective as of the Effective Date and shall terminate on September 1, 2025 ("Initial Term"), unless otherwise provided in this Agreement. No later than ninety (90) days prior to the expiration of the Initial Term, the Parties shall begin to discuss a successor agreement. If the Parties have not entered into a successor agreement prior to the expiration of the Initial Term, then this Agreement shall continue to be in effect for an additional six (6) months or until a successor agreement is adopted by the Parties, whichever occurs first. Either party may terminate the Agreement, effective on or after the expiration of the then-current term, by providing six (6) months advanced written notice to the other Party.
- B. Notwithstanding any other term set forth in this Agreement, it is expressly agreed by the parties hereto that either party to this Agreement may at any time after giving sixty (60) days written notice to the other party requesting the opening of negotiations to amend or change any term of this Agreement, meet with the other party's representatives to review, negotiate and reach an agreement on the issues set forth in the aforesaid notice.

Section 3: Construction of District Facilities

- A. The District will complete all construction, repair and replacement work in a reasonable and safe manner in compliance with the requirements of applicable Oregon laws and City ordinances. Upon request by the City, the District's four-year construction work plans will be submitted to the City as such work plans may be approved by the District.
- B. New District poles or other "ground-mounted" facilities installed in the City during any term of this Agreement shall be located, where applicable, behind the sidewalk toward the property owner's side, unless otherwise directed by the City; provided, however, that such facility location shall be in accordance with prudent utility practice and not in violation of any applicable law, rule, code or ordinance. This paragraph shall not apply to the replacement or upgrading of any pole or ground-mounted facility existing as of the Effective Date of this Agreement. After the District completes any such construction work, the District will, upon written request by the City, provide the City with any "as built" drawings and maps and/or sketches. The District should notify the City prior to the installation of any new or replacement pole or other "ground-mounted" facility to ensure that such installation(s) will not interfere with any planned City infrastructure project, as described in Section 7 herein.
- C. Upon written request by the City, current utility maps incorporating construction completed by the District within the City shall be provided to the City for the City's use, at no expense to the City. The District and the City shall use map information for their exclusive use only, and to the extent allowed by law, will not disclose that information to the public.

- D. Upon written request by the District, current City maps regarding tax lots, roads, streets, alleys, and zoning shall be provided to the District for the District's use at no expense to the District.
- E. The District may perform emergency construction, repair or replacement work on any Facilities located within the City without providing prior notice to, or obtaining prior approval from, the City. The District shall notify the City of necessary changes to electrical facilities resulting from such emergency work any time that the City's infrastructure is materially affected, not including detours of less than four (4) hours.
- F. The District shall have the right, without notification, to cut, trim, and control the growth by chemical means, machinery or otherwise remove and dispose of trees, shrubbery, vegetation and undergrowth in any City Rights-Of-Way that interfere with the District's permitted use.
- G. The District shall obtain prior written permission from the City before cutting, trimming or otherwise controlling in any way any tree, shrubbery, vegetation or undergrowth within the City Rights-Of-Way for reasons other than those specifically listed in subsection (F) above.
- H. Any vegetation waste shall be disposed of by District consistent with applicable local, Oregon and federal laws.

Section 4: District Excavations of City Rights-Of-Way

- A. The District may make all necessary excavations in the City Rights-Of-Way for the purpose of constructing, repairing, maintaining, replacing, removing and/or relocating any District Facilities. All excavation work shall be done at the District's sole expense and in compliance with applicable Oregon laws and the applicable rules and regulations of the District and the City.
- B. Whenever the District performs an excavation pursuant to this Agreement, the District shall restore the affected portion of the City Rights-Of-Way to the same or better condition that it was in prior to the excavation.

Section 5: Work By City In City Rights-Of-Way

- A. The City will provide advance notice to the District, as early as possible, of any City plans to widen streets, relocate public ways, or other major public improvements within the City that could require relocation of District Facilities.
- B. The City will give notice of any plans to vacate any City Rights-Of-Way, if the District's Facilities are located within such City Rights-Of-Way. The City will cooperate with the District to avoid unnecessary relocation of such Facilities. In the event of such vacation by the City, the City shall provide the District with the first right of refusal to convert a portion of the vacated City Rights-Of-Way to a utility easement.

- C. Nothing in this Agreement shall be construed as preventing the City from sewering, grading, paving, planking, repairing, widening, altering, or doing any work that may be reasonably necessary within any City Rights-Of-Way.
- D. All work by the City within the City Rights-Of-Way shall be done, to the extent possible, in such a manner so as not to obstruct or prevent the District from freely using and operating its Facilities.

Section 6: New Development Within The City

- A. The City will provide the District with the opportunity to review all new street and subdivision designs prior to plat approval by the City.
- B. The City and the District will work together to determine the best non-exclusive utility corridor in all new street layouts, whenever reasonably possible.
- C. The City shall require building permit applicants to notify the District of building permit applications at the time of such permit application, if such permit is to construct a new structure.
- D. The City will provide notice, as early as possible, of any new construction or any expansion of existing commercial or industrial properties that may significantly increase the need for electrical power within the City.

Section 7: Relocation of District Facilities

Notwithstanding Section 5(d) above, the City may cause the District to relocate any Facility within the City Rights-Of-Way to the same or another City Right-of-Way, whenever relocation is necessary as part of a City-related infrastructure project. For purposes of this Agreement, "City-related" shall mean a project that is funded in whole or in part by the City and to be used by the City, and shall not mean a project undertaken by a private party at the request of the City or a project undertaken to satisfy conditions of approval imposed by the City as part of its land use regulations. "Infrastructure project" shall mean: Widening or otherwise modifying or constructing streets; Installing or modifying sidewalks; or Installing or relocating water lines, fire hydrants, valves, blow-offs, storm drains or sewers. The expense of relocating such Facilities will be paid solely by the District. The District will respond with a plan to relocate within 60 days and complete construction within 180 days from the date of notification by the City, unless otherwise agreed to in writing by the District and the City. The location, design and construction specifications of any Facilities relocated pursuant to this Section shall be determined by the District in its sole discretion so long as such location, design and construction specifications otherwise comply with the provisions of this Agreement.

Section 8: Monthly Fee

A. In consideration of the rights and privileges granted in this Agreement, the District shall pay to the City, for each month during the life of this Agreement beginning the Effective Date, a Franchise Fee equal to 5% of the District's gross revenues, as defined below,

less adjustments described below, collected during the previous month from District customers whose meters are located within the City ("Franchise Fee").

- B. The term "Gross Revenues" includes any amount billed to customers within the corporate limits of the City for the sale of electric energy by the District. Gross Revenues do not include sales of electric energy by the District to the City or any other municipal corporation, Oregon or federal governmental agency, or public taxing body within the corporate limits of the City. Gross Revenues do not include sales of electric energy by the District to any electric utility that is not the ultimate consumer. An electric utility, as used in this Agreement, is any individual, partnership, cooperative, corporation or government agency buying electric energy from the District for purposes of distributing such electric energy to retail customers outside of the City or for purposes of transferring such electric energy in wholesale electric markets. Gross Revenues also do not include proceeds received by the District from the sale of bonds, mortgages, securities or other evidences of indebtedness. Additionally, gross revenues earned in interstate commerce by the District or on the business of the United States Government shall not be included.
- C. The District will withhold and retain 2.5% of the Franchise Fee as compensation for the administrative costs incurred by the District in calculating, billing, collecting and paying the Franchise Fee.
- D. The City agrees that no other license, tax or charge shall be imposed upon, exacted from or required of the District by the City during the term of this Agreement, except that nothing in this Agreement shall exempt the property of the District from lawful ad valorem taxes. This provision does not apply, however, to District contractors working within the City who are required to have City licenses and permits, building permits issued directly to the District, or any utility charge (i.e., water, sewer, etc.) due to the City by the District as a utility customer of the City or any other fee for service owed to the City that is not directly attributable to the provisions contained within this Agreement.
- E. The District shall, by policy and in its sole discretion, determine the method of allocating, billing and collecting from its customers the Franchise Fee imposed under this Agreement. The District may at any time, as determined by its Board of Directors, alter its policy for allocating or billing customers for the purpose of collecting the Franchise Fee. The City expressly acknowledges and agrees that all or part of the Franchise Fee may be allocated to and collected solely from District customers within the City as a separately identified item on the District's bills to such customers. The City agrees not to challenge, in a court of law, arbitration, mediation or otherwise, the District's method of allocating, billing or collecting the Franchise Fee from District customers as long as the District complies with applicable Oregon and/or federal law governing such matters. The District shall notify the City no less than 45 days prior to changing its method of allocating, billing or collecting the Franchise Fee before any such changes take effect.
- F. At the City's request, the District shall provide a report to the City showing the District's Gross Revenues as defined herein for the previous calendar year and the amount of Franchise Fees due to the City. The District shall have an obligation to maintain financial records of its Gross Revenues and Franchise Fee payments for audit purposes for the term of this

Agreement, and the District will keep its books according to generally accepted accounting principles. The City may, at its own expense, and with five (5) business days' notice, audit those books that are maintained in the ordinary course of business at the District's Offices.

Section 9: Pole Attachments

- A. If the City wishes to make any attachment of any type to the poles or other Facilities of the District, the City must execute a mutually agreeable pole attachment agreement with the District.
- B. The City will notify the District of any request for new cable television or telecommunications franchises or expansion or renewal of existing cable television or telecommunications franchises with the City insofar as attachment of cable or wires to the District's poles is concerned.

Section 10: District Property Values

The franchise and privilege to operate in the City Rights-Of-Way shall not be an enhancement of the District's properties or values or qualify as an asset or item of ownership in any appraisal thereof.

Section 11: Dispute Resolution

Unless otherwise provided herein, in the event a dispute arises relative to any aspect of this Agreement, the parties shall make a good faith effort to resolve the same as follows:

- A. <u>First Step</u>: Informal meetings between the managers of the parties, at which a simple statement of the issue or dispute is reduced to writing and an attempt made to resolve the same. If Agreement is reached and approved by the respective governing bodies of the parties, then no further action is required.
- B. Second Step: If a resolution is not reached at the "First Step," then the statement of the dispute shall be referred to the respective governing bodies of the parties. A committee of four shall be appointed from the governing bodies of each party ("Dispute Resolution Committee"), with two being appointed by the Mayor of the City from its Council and two being appointed by the President of the District from its Board, at the next ensuing regular meetings of the District and the City. The Dispute Resolution Committee shall meet as soon as practicable following the completion of the appointment process, but in no event not later than forty-five (45) days after the last appointment is made. Said Committee shall attempt to reach a resolution of the issues and/or dispute.
- C. Third Step: In the event a resolution is not reached at the "Second Step," then either party hereto may institute such legal action as may be deemed appropriate, whether in law, in equity or in both.
- D. <u>Litigation Costs</u>: In the event suit, action or proceedings (other than the proceedings described in Sections 11 .A and 11 .B) are instituted or had to collect any sums payable under the terms of this Agreement, or to enforce any provision of this Agreement, or to

AGENDA ITEM

TO: Mayor and City Council FROM: Jake Boone, City Manager

SUBJECT: City Manager Evaluation Process

DATE: 14 July 2025

BACKGROUND

This month will mark the completion of the first year of my tenure as the City Manager of Garibaldi. It is, therefore, now time for the City Council to evaluate my job performance. The Council will need to decide whether it wishes to call a special meeting to perform the evaluation, or whether it wishes to perform the evaluation in conjunction with the regularly scheduled 18 August Council meeting.

The Council has previously adopted an evaluation form, which is included in the packet. It is also appropriate for the Council to decide if department heads should be solicited to fill out the same form, in order to provide the Council with their perspectives as my direct reports.

RECOMMENDATION

Staff recommends that Council schedule the City Manager's evaluation and decide whether input from department heads will be solicited as part of that process.

COST

None.

DEPARTMENTAL REPORT

TO: Mayor and City Council FROM: Jake Boone, City Manager SUBJECT: June City Manager Report

DATE: 14 July 2025

CITY MANAGER'S REPORT

Garibaldi Days

Planning for Garibaldi Days continues, and it's down to the final weeks before the event itself. Please remember to stay hydrated... it looks like it may well be a real scorcher this year!

Hiring Process Underway

So far the City has received multiple applications for both the City Recorder/Clerk and Fire Chief positions. Applications close on Friday, July 18.

Public Records Requests

The City has been kept busy this month with multiple public records requests. As the cost for these requests is dependent on the amount of staff time it takes to fulfil them, requestors should be aware that City staff is happy to help refine the request to ensure you get the information you seek without having to pay too much for irrelevant data.

Retirement

Front office dynamo Melora Hitchman has officially retired, but the City is extra lucky in that she has agreed to stay on until her replacement is hired. Melora has done amazing work for the City, and has made great strides in creating document retention and organization systems, as well as being the pleasant face of the City whenever someone walks into City Hall. Please wish Melora all the best!

Water

Routine testing and maintenance were completed without issue. Staff repaired two service line leaks and continued inventory assessment of system parts. Watseco-Barview saw two service-related responses. The grindings received from ODOT continue to save costs on gravel and have proven effective for maintenance work.

Wastewater

All regulatory reporting is current. The effluent flow meter at WWTP was replaced after failing

calibration. Preparations are underway for biosolids hauling and digester cleaning. Joe Hittner has begun cross-training on DEQ-required sampling to serve as a backup operator.

Streets

Mowing continues citywide. As a reminder, not all rights-of-way are maintained by the city (GMC 12.30.050), and no occupation or encroachment is allowed without permission (GMC 12.30.040). Staff are also exploring asphalt recycling equipment to make further use of ODOT grindings.

WWFP & PFAS

Both grant-funded projects are now closed out. The Wastewater Facilities Plan has been completed; the Public Works Director will recommend its adoption and the use of SDC funds for implementation.

Staff Development

Joe Hittner earned his CDL with the help of a tuition grant. Brayden Meyers is enrolled in the next CDL course and seeking similar funding. Dillon Pierce is preparing for his wastewater certification exam later this year.

Finance Department Move

The City's Finance Director has moved her desk into the newly repainted front office of City Hall. She has temporarily taken over utility billing and accounts receivable while the hiring process is ongoing for a City Recorder/Clerk.

Budget Documents Submitted

The Finance Director has successfully submitted the City's fiscal year 2025-26 budget documents to the county clerk's office and the tax assessor's office, and is working on wrapping up fiscal year 2024-25.
